CAREER OBJECTIVE

Junior Software Developer with a Diploma in Systems Development from Boston City Campus, complemented by a Software Engineering Internship at Bitcube, where I deepened my understanding of C#, React, HTML, CSS, and JavaScript. Familiar with development tools like Visual Studio Code and NetBeans, and with familiarity with GitHub for version control and collaboration. I've developed several personal projects, including:

- **Web applications:** a Movie Searcher, To-Do List, and Weather App built with JavaScript, React, and public APIs.
- **Java desktop applications:** calculators, voting systems, sorting tools, and a gate access control app.

Passionate about building practical, user-focused applications and committed to continuous learning and improvement. Eager to apply my growing technical skills, curiosity, and dedication to a supportive and growth-oriented development team.

TECHNICAL SKILLS

Programming Languages: C#, Java, HTML, CSS, and JavaScript.

Development Tools: VS Code, Visual Studio, NetBeans, and GitHub for version control.

Frameworks: React.

Project Development:

- Weather App: Responsive weather app using React and the OpenWeatherMap API to display real-time weather data for any city.

- **Movie Search App:** Movie search interface built with React and OMDb API, displaying posters, titles, and release years.
- **Todo List App:** Task management app developed with React, featuring task creation, completion, and a responsive UI.
- **Event Management System:** Desktop app using Java Swing and JDBC for managing event registration, attendees, and venues.
- **BMI Calculator:** A tool for calculating body mass index.
- **Simple Console Game:** A user-interactive guessing game.
- **Election Voting App:** A functional voting system for simulating elections.
- **Sales Tax Application:** Automated calculations for tax estimations.
- **Gate Access Control:** A system for managing secure entry points.

Portfolio Website: Designed and hosted a personal portfolio website showcasing projects and skills.

Soft Skills: Adaptable, quick learner, and detail-oriented with a strong desire to grow.
